Subject: RE: Draft EPA Laguna MOU - Redaction Question
Date: 04/28/2010 09:30 AM

June, thanks for the information concerning the delay in final Pueblo approval of the draft MOU until next week. Pam Travis (214-665-8056, email: Travis.Pamela@epa.gov) will be taking the Oak Canyon Laguna Pueblo matter as counsel effective 4/30/10. She can help coordinate final concurrence and any special signing arrangements. As to the redaction issue you mention, I understand that agency policy encourages the redaction of documents to remove confidential material, e.g., personal addresses and phone numbers or other PII, or CBI, where practical to remove it, or to remove non-responsive material from a compilation of material, and then to release the responsive, non-confidential portions of such records. This is a common practice, for example, with Superfund financial and contract records that otherwise must be produced to support our cost recovery cases. Paul Witthoeft is our counsel who specializes in Agency information disclosure and protection provisions. Paul may be able to point you to specific policies or regulations on redaction. His number is 214-665-8057 and email: Witthoeft.Paul@epa.gov. Take care and all the best.
